Singleton and Charlton Parish Council Comment – We have studied these proposals and the supporting documents and are pleased to add our support to this application.

SDNP Decision – Approved

Reference 22/04636/HOUS

26 Charlton

Single storey rear extension.

Planning Officer – Beverley Stubbington

Deadline for Comments – 20th December 2022

Singleton and Charlton Parish Council Comment – We have studied this application and note that the proposal appears to be in breach of South Downs policy SD31, which limits extensions to 30% of the floor area as it stood at 1 April 2011.

The property is at present very small and would undoubtedly benefit from a sympathetically designed extension. Furthermore, being on a large plot, it would seem capable of accommodating an increase in floor size in excess of the 30% limit; indeed, the Core Policy document states (at p138, para 7.94) *“A larger proposal may be permitted ...”*.

However, the Policy document continues, *“... where it can be clearly demonstrated that there will be no harmful intrusive impact in the landscape and that there is an enhancement in the appearance of the host dwelling”*. Notwithstanding the comments in the Design and Access Statement, the extension would be visible from various points, including properties either side and from across the meadow to the north; furthermore, from the drawings, it appears to be more than 1.5m higher than the newly constructed garage-barn at neighbouring 24 Charlton.

Following consideration of the plans and input from nearby residents, we feel that the height and general design and scale of the proposed extension, as well as the design of the passageway at the rear, fall short of meeting the criteria for exceeding the 30% limit.

It has also been drawn to our attention that the property has historic significance as the isolation kennels for the renowned Charlton Hunt, dating back to 1730, suggesting being that it ought to benefit from listed building status. Having said that, we are aware that such buildings need to be adapted to modern living in order to remain cared for and conserved: on balance, we feel that the general thrust of our comments would be much the same if the property were listed.

We note from the application form that no advice was sought from the Local Authority in advance of making the application and we would strongly recommend that such advice be sought; we would also be pleased to arrange a meeting between the applicant and one or more Parish Councillors if this might be felt useful.

SDNP Decision –
